REQUEST FOR AMENDING INVENTOR NAME

Dear Sir:

I feel sorry about an error in the registration of inventor name, since in the declaration, the family name (Chen) is wrong. My name is Su, Fu-Lung (or Fu-Lung Su) and Family name is Su.

This can be proofed from the inventor's signature in the original declaration. Thus Family name "Chen" is from a wrong copy of declaration.

Now I send a new declaration with a correction registration of the Family name. Please amend my name as request.

If there any problem, please inform me as desired, my email is:
